

Stalk

Hunting Southwest Montana

According to Montana Fish, Wildlife & Parks, over **60 million dollars** are spent in our region each hunting season. Of that, more than 40% is from out-of-state hunters searching for big game. This large influx of money sets nicely between the busy summer season and the holiday rush—and by advertising in *Stalk*, you can get your fair share. Distribution starts in August, with the bulk of the copies going out between September and November.
